About This Game

The Graveyard is a very short computer game. You play an old lady who visits a graveyard. You walk around, sit on a bench and listen to a song. It's more like an explorable painting than an actual game. An experiment with poetry and storytelling but without words.

Buying the full version of The Graveyard adds only one feature, the possibility of death. The full version of the game is exactly the same as the trial, except, every time you play she may die.

Title: The Graveyard
Genre: Indie, Simulation
Developer:
Tale of Tales
Publisher:
Tale of Tales
Release Date: 21 Mar, 2008

a09c17d780

English

I did not entirely dislike this, but cannot recommend people pay \$4.99 for a game it takes only 8 minutes to play.
